Established 1963

Selected by the Nova Scotia Curling Association as the "2014-2015 Organization of the Year".

The Chedabucto Curling Club Community Activity Society (CAS) would like **to display your business's advertisement signage within its building so as to enable us to promote your enterprise.** We are a not-for-profit organization operated 100% by volunteers and are duly incorporated under the laws of Nova Scotia, Registry Joint Stock Companies (# 1255798) with our facility being located in Boylston, Guysborough County.

With your approval, a 2'x2' coroplast sign, professionally designed by Waterline Graphix, Whitehead, Guysborough County, and approved by you in advance --- will be prominently displayed within the Chedabucto Curling rink as well as featured on a rotating basis inside our facility and also on our website's "Weekly Feature" location. To expand your sign's audience it will also appear on CAS's website under "photo gallery". For more details: view www.chedabuctocc.ca and then into "Our Sponsors". The annual display cost of a side-panel sign (2'x2') is only \$100 +HST per year.

A 2' x 8' sign's annual display cost is only \$300 per year along the side walls or \$500 + HST for the remaining location immediately above the score boards. At no additional rental cost, a 2'x2' sign (purchased by you) to accompany your 2'x8' will also be displayed along the rink's side panel; this will enable more options for additional promotions and also to be featured within its signs' sequence of "Weekly Feature".

The one-time cost of the sign's construction, by Waterline Graphix, at approximately \$68.00 per 2'x2' or \$160.00 for the 2'x8', is the sign owner's responsibility. All costs will have applicable taxes applied, also at the owner's responsibility.

On behalf of the Chedabucto Curling Club Community Activity Society (CAS) Executive, members and volunteers, we thank you for receiving this letter and hope that you will enable CAS to promote your business.

With our best regards,

Phil O'Regan, Chairperson
